Remember that Saturday is the last day on which you can register for the election.

It looks like Uncle Joe Cannon's chances for the Speakership are growing less every day.

Because the Southern people went to hear Taft is no reason why he should try to get their votes.

Mr. Taft declares for revision of the tariff but he does not say in what way he favors its revision—up or down or sideways.

If the labor vote does what both sides say it will do each wage-earner will have to cast two ballots, one killing the other.

Taft came to North Carolina expecting to gain nothing, so he was not disappointed with the result of his visit to the State.

The Southerners gave Taft a hearty reception and respectful hearing. That is all, however, he need expect to get from them.

Evidence of the unity of the Democratic party is found at the meeting of three members of the Cleveland cabinet in New York.

With the Solid South's 166 votes it won't take many more to elect Bryan. New York and one or two other States will do the business.

The Durham Herald thinks Taft should have told the people why he came South. He does not seem to know why he came to our part of the country.

If you have not registered, remember that you cannot do so after next Saturday. That is the last day on which you can place your name on the registration books.

If the Republicans get that million dollars for campaign expenses during the last ten days of the campaign what will they do with it? What can they expect to do with it but buy votes?

When election day comes go to the polls and vote the straight ticket. That is a duty you owe to your State and to your self. If you fail to register and to vote you will regret it for a long time to come.

Men on the ground in New York and are conversant with the politics of that State say it will surely go for Bryan. That means the election of the Democratic candidate. As New York goes so will go the nation.

It would be better the next time for the legislature to make specific appropriations for the different insane asylums instead of leaving the spending of the money to the discretion of a commission.

TO MAKE AN AUDIT

County Commissioners in Special Session Arrange For Certified Accounting of All Funds.

ST. LOUIS FIRM ENGAGED

Provide New System of Accounts Provided Same is Deemed Necessary—Examination to Cover Period of Two Years.

At a special meeting of the Board of County Commissioners yesterday afternoon at the Court House, a proposition from Mr. W. L. Wilder, representing the American Bond and Audit Company, of St. Louis, Mo., was received and the chairman of the board was authorized to close a contract with that firm for a certified audit of all the books of the county and, if necessary, the installation of an entirely new system of accounting in all departments of the county government.

The matter has been under consideration for some time and at the last regular meeting a number of propositions for the audit were received but action was deferred until a representative of one of the bidders could be present in person and explain the proposition more in detail. At the meeting yesterday, Chairman McEachern presided and all members of the board were present, viz: Messrs. Wm. F. Robertson, H. L. Vollers, W. F. Alexander and M. W. Divine. Mr. Wilder was in Wilmington from Chesterfield county, S. C., where his firm had just completed an audit of the books there with gratifying results, the examination covering a period of four years back. Mr. Wilder submitted a number of reports made of audits for other counties and municipalities, all of which compared favorably with what is desired here. It was decided to have the audit of the accounts of all departments of the county government here audited for the past two years ending with the close of the present fiscal year, December 1st. This examination will extend to every office and will include the school fund, if those in charge desire the service. It is estimated that the audit will require from two to five weeks and the approximate cost, dependent upon time required, will be from $350 to $750. The chairman by formal resolution of the board was directed to close the trade with Mr. Wilder and the work will be undertaken some time during November when a force of expert accountants will be sent here from the house in St. Louis, Mo.

While there is no suggestion of the feintest irregularity in the present system of accounting or the management of the funds of the county, the Commissioners take the ground that the public have a right to the services of expert accountants to pass upon every detail of an accounting of the public fund and the contract closed now will include an exhaustive report of the finding of the American Bond and Audit Co., in every particular.

Several other matters in connection with the road work were taken up yesterday but no action of public interest was taken by the board.

ARTILLERY CORPS ORDERS

Major Schumm Transferred From Fort Caswell to Fort Hamilton, N. Y. Colonel Ludlow Comes to Cape Fear District.

The Wilmington business community and the people at large with whom he was exceedingly popular will learn with regret that Maj. Herman C. Schumm, in command of the Army Post at Fort Caswell during the past several years, has been transferred and will have command in the future of Fort Hamilton, New York. He is succeeded at Fort Caswell by Lieut. Col. Henry H. Ludlow, who will be in command of the Cape Fear artillery district.

While there have been rumors for several days that Maj. Schumm was to be relieved of the command at Caswell, nothing definite was known until the official announcement was made in Washington yesterday, the news being contained in the following Associated Press telegram to the Star last night:

"Washington, Oct. 21.—Important changes in artillery post commands were announced at the War Department today. They include the assignments of Colonel Robert H. Patterson to Fort Banks, Mass., and in command of the artillery district of Boston; Colonel Garland N. Whistler to Fort Worden Washington, and in command of the artillery district of Puget Sound; Colonel Albert Todd, to Fort Totten and in command of the Eastern Artillery district of New York; Lieutenant Colonel Henry H. Ludlow, to Fort Caswell, N. C., in command of the artillery district of the Cape Fear; Lieutenant Colonel Samuel E. Allen to Fort Warren, Mass.; Major Herman C. Schumm to Fort Hamilton, N. Y., and Major William G. Haan to Fort Wadsworth, N. Y. These changes are caused partly by the recent retirements of Colonel William F. Stewart the prospective retirement of Colonel George Greenough on December 8, now on leave of absence and to other anticipated retirements, some of which it is said, may be caused by failure of officers to finish in horsemanship tests."

LADIES MAKING PLANS.

Officers and Directors of Woman's Auxiliary of Playgrounds.

An enthusiastic meeting of the officers and directors of the Woman's Auxiliary of the Children's Playground Association was held yesterday afternoon at 4 o'clock in the apartments of its president, Mrs. Allan Nichols, in The Carolina. Plans for the furtherance of the work in Wilmington were discussed at length and it was decided to hold another general meeting in the parlors of The Orton tomorrow afternoon at 4 o'clock at which time a Governing Board will be announced of 16 or 17 of the most prominent ladies in the city, and the Auxiliary will at once begin active efforts toward the culmination of the effort now on foot. It is expected that there will be a very large attendance of ladies at this meeting.

At the meeting yesterday afternoon Mrs. Cuthbert Martin was appointed chairman of a committee to be selected and announced by herself to have in charge the children's and floral sections of the civic parade to be given on Tuesday of the Elksfest. Mrs. Martin will announce the committee of her own selection very soon and work will be commenced to make this one of the biggest features of the week.

THE MISSIONARY INSTITUTE.

Prominent Party of Lady Organizers Here in November—The Dates.

Arrangements are rapidly being made for the missionary institute which is to be held at the First Baptist church here on the 12th and 13th of November, instead of the 10th and 11th as previously announced. The party of prominent ladies who will conduct the institute will be composed of Miss Elizabeth Briggs, Miss Fannie Heck, Miss Mary K. Applewhite and Mrs. Hight C. Moore, all of Raleigh. The party comes to Wilmington from institutes to be held at Wadesboro and Monroe. Ladies' missionary work is now being pushed forward in the Baptist churches all over the State and it is hoped to make the meeting at Wilmington a large and most enthusiastic one.

DEBATE AT LUMBERTON.

Slocomb and Godwin Spoke to Small Audience Last Night.
(Special Star Telegram.)

Lumberton, N. C., Oct. 21.—A fairly good sized audience assembled in the opera house here tonight to hear the joint discussion between Congressman Godwin and his Republican opponent, Mr. Slocomb. The crowd would have been much larger but for the threatening condition of the weather.

Mr. Godwin was introduced by Mr. R. D. Caldwell, and Mr. Slocomb, by Postmaster R. M. Norment. The meeting was largely Democratic, Republicans in this section, like saints, being very rare. Senator Overman will speak here Friday night when it is proposed to give him a great ovation.

SENATOR OVERMAN

Arrived on Late Train Last Night For Address Here This Evening.

ELIZABETHTOWN YESTERDAY

Addressed Large Gathering of Bladen Democracy—Distinguished Courtesies to be Shown Junior Senator Here—Other Notes.

Hon. Lee S. Overman, junior United States Senator from North Carolina and one of the ablest men in that great deliberative body at Washington, arrived in the city on an early train this morning from Elizabethtown, Bladen county, where he addressed a large gathering of his fellow citizens yesterday, and will speak to the militant Democracy of New Hanover in the Academy of Music this evening.

Since early in the campaign Mr. Overman has been almost constantly on the hustings in North Carolina and he is recognized as one of the most brilliant men now engaged in the effort to perpetuate Democratic rule in North Carolina. Yesterday morning he came down the Carolina Central to Clarkton and went by private conveyance over to Elizabethtown, returning in the same manner yesterday afternoon and catching the late train from Clarkton to Wilmington. Naturally after such a strenuous day, he was tired and worn out when he reached here and is stopping at The Orton. This morning the distinguished visitor will be taken, if the weather is favorable, for an automobile drive in and around the city by his personal friend, Mr. James Sprunt, lunching with him in the early afternoon and returning to his hotel in the afternoon where he will be pleased to meet his many friends and admirers in Wilmington.

At the speaking in the Academy tonight Mr. Overman will be introduced by Mr. Marsden Bellamy, Sr., of the Wilmington bar, and it is safe to say that the house will be filled. At an enthusiastic meeting of the Bryan and Kitchin Club last night at Democratic headquarters, all arrangements for the speaking were perfected. A committee of prominent citizens are requested to occupy seats on the platform with the speaker as follows: Hon. Wm. E. Springer, mayor of the city, Mr. James Sprunt, Captain Walter G. MacRae, Messrs. L. B. Rogers, W. E. Perdew, Marsden Bellamy, C. F. MacRae, Herbert McClammy, J. O. Carr, Geo. Rountree, J. A. Taylor, Walker Taylor, Sam Bear, Jr., M. W. Jacobi, J. G. L. Gieschen, Martin Rathjen, Geo. H. Heyer, Martin O'Brien, J. H. Cowan, John J. Furlong, J. E. Thompson, J. O. Brown, Thos. McMillan, Thos. Torpy, K. W. Jewell, W. B. Cooper, J. Alves Walker, W. H. Bernard, R. A. Burnett, W. A. French, Jr., Martin Newman, John D. Bellamy, Woodus Kellum, J. H. Brown, J. A. Everitt, Jr., John F. Littleton, Henderson Cole, H. C. McQueen, E. N. Penny, A. H. Weeden, M. G. Tiencken, W. J. Swails, Archie MacRae, J. A. McNorton, J. H. LeGwin, W. N. Royall, W. G. Pulliam, John Barry, J. C. MacRae, Jr. J. E. Smith, J. A. Karr, A. M. Taylor, E. B. King C. C. Parker, J. O. Brock, T. J. Gore, J. M. Branch, C. F. Bell, J. B. Fales, R. P. McClammy, P. Heinsberger, Jr., B. F. King, W. W. King, E. B. King, W. H. Best, S. A. Greelish, M. M. Parker, J. O. Powers, J. M. Woolard, J. Chadwick, S. L. P. Anderson, L. H. Simmons, Walter Williamson, C. H. Dock, C. W. Polvogt and F. T. Skipper.

As calling attention to a pleasing courtesy shown Mr. Overman in recognition of his valiant services in the interest of the port, the following letter addressed yesterday by Mr. James Sprunt, chairman of the Board of Commissioners of Navigation and Pilotage, to Captain E. D. Williams, harbor master, will be read with interest:

"To Captain E. D. Williams, Harbor master, Port of Wilmington, N. C.

"Sir: The people of Wilmington and the mariners to and from our port are greatly indebted to Senator Lee S. Overman for supporting our successful appeal to Congress for a new light ship to be placed at the former moorings on Frying Pan Shoals, to cost $115,000.00.

"Before we secured his invaluable co-operation, our efforts to this end were futile. Since his contention in our behalf the Light-House Board at Washington has recognized the importance of our port, and special favors have been granted by Admiral Marix for the temporary lighting of the shoals.

"In view of Senator Overman's visit to Wilmington tomorrow, and as a token of honor to him, you are formally requested to ask that all vessels in this port "dress ship" tomorrow morning until sundown, with ensign, burgee and signal flags, and that all steam whistles in the harbor blow three long blasts of welcome on the arrival of this distinguished North Carolinian by the Seaboard Air Line train at 12:30 P. M. tomorrow, the signal to be given by the Harbor Master's boat.

"By order of the Board of Commissioners of Navigation and Pilotage.

"JAMES SPRUNT,
"Chairman."

At Elizabethtown.

Elizabethtown, N. C., Oct. 21.—Senator Lee S. Overman addressed a large and enthusiastic audience in the Court House here today. His address was a masterly one and his arguments convincing. He showed by unanswerable argument that the election of Bryan was the only salvation of this country and that with Bryan President a panic would be well nigh impossible. His discussion of the publicity plank was thorough and showed that the Republicans through their corruption fund, collected from the tariff protected trusts had debauched the ballot box of this country for 40 years. He showed that the tariff was the most iniquitous tax robbery that has ever been placed upon the statute books of any Nation and that without the protection of the tariff the great monopolies and trusts could not exist. His discussion of the trust question was able and convincing. His discussion of State politics was enough to make any Southern white man feel ashamed of being a Republican. The Senator held the undivided attention of his audience for more than one hour and a half. Several times he was obliged to wait several seconds for the applause to subside to proceed with his argument. He left for Wilmington where he will speak tomorrow.

CIRCUS AND CIVIC PARADES

All Arraignments Going Forward Very Satisfactorily—Fraternal Organizations Well Represented. Other Notes.

Arrangements are going forward with satisfaction for the circus and for the civic parades which will be big features of the Elksfest to be given the week of November 2nd. Practically every fraternal order in the city has consented to place a float in the civic parade and many of these are already being built. The civic, or floral and children's parade alone, is expected to be quite a mile in length.

The clowns who will disport themselves for the Elks' Society Circus and in the parade preceding the same have all accepted and are now engaged in rehearsing their various stunts. There will be 35 of these in charge of Chief Clown C. L. Brown. The civic parade will be formed at the City Hall on Tuesday in charge of Chief Marshal T. B. Carroll and the route and other information will be announced later. The Elks' Circus Parade will be formed out at the grounds, 17th and Princess streets, and it will move along the principal streets of the city at the usual hour during the day. Five bands will appear in each parade and the various sections will be brilliant. In the circus parade alone there will be 25 or 30 cages and other vehicles, such as chariots, water wagon, steam calliope, etc.

It is expected that there will be more than 2,000 children in the civic parade, then there will be the fraternal order floats, trades displays, decorated fire apparatus, the military and many other features advertising the city's progress and prosperity. The advertising committee is quite busy and the country from Wilmington to Jacksonville, Fla., is being billed for the big occasion. Many people will be brought to the city on the extremely low railroad rates offered and the week is expected to prove a bountiful one for Wilmington merchants and business men. The city on this occasion will put its best foot foremost and it behooves every citizen to make this Wilmington's greatest "Welcome Week."

"THE TRAITOR" PLEASED

Dixon Production Witnessed by Two Wilmington Audiences Yesterday.

Dixon and Channing Pollock's dramatization of "The Traitor" was presented here yesterday at matinee and night at the Academy of Music. The audience at matinee was small but the one last night was well nigh the capacity of the house. The production is handsomely staged and dressed, every detail of the scenery, costumes and accessories as historically correct as it was possible to make them. The romance is a pretty and intensely dramatic one and while there are many who will agree that "The Traitor" is not as strong as "The Clansman," there are many who believe that many of the objectionable features of the latter are well eliminated. The company is a splendid one and the play all through breathes a spirit of the Southland that is bound to make it exceedingly engaging.

From Wilmington the big production goes to Fayetteville today and from there it makes the long jump to New Orleans, all other dates in this section having been cancelled.

Hearing in Bankruptcy.

Before Referee Geo. H. Howell in the United States Court room here yesterday morning there was a hearing of testimony in the bankruptcy case of McCormick, Smith & Co., of Rowland, N. C. Several witnesses were examined touching the bankruptcy and in addition thereto an order was made for a sale of all the real estate belonging to the bankrupt McCormick. The referee also declared a dividend of a fraction over 38.2 per cent. on the proceeds thus far realized, all of which, of course, is subject to the approval of Judge Purnell to whom the papers have been forwarded. A number of visiting attorneys and witnesses were here for the hearing.

CUSTOM HOUSE SITE

Agent of Treasury Department Here For Personal Inspection of Property.

NUMBER OF BIDS ARE IN

Water Street at Either Corner of Princess or Market Street Location Seems Likely Favored—Method of Proceedure.

Mr. G. D. Ellsworth, an agent of the United States Treasury Department at Washington, arrived in the city Tuesday evening and yesterday spent the day in company with Collector of Customs B. F. Keith inspecting the number of available sites in the city for the new and handsome Custom House recently authorized by Congress for this port.

Being a representative of the Treasury Department, Mr. Ellsworth will, of course, give no intimation of his impressions as to the several sites offered, making an official report upon return to Washington, but it will be welcome news to the people that the matter of the new Custom House is being pushed vigorously by the Department and that it will be a question of only a few weeks until something definite is known in regard to this great public improvement.

It is understood that the sites considered most available are those at southeast corner of Water and Princess streets and at northeast corner of Water and Market streets, either or both of which, it is said, has been offered to the government in the form of proposals to sell. The government already owns nearly the entire block of water front there and the site of the present Custom House. Anything, however, as to the site that will be selected in the veriest speculation.

Upon the enactment of a law authorizing the acquisition of a site for a Federal building the Treasury Department usually invites through advertisement proposals for the sale or donation of a suitable corner. Upon receipt of the proposals they are opened in Washington at the time stated in the advertisement and as soon thereafter as practicable an agent of the Department is sent to make a personal examination of the proposed locations and such others as he may deem desirable. Upon this report, together with representations in writing from other sources, the Department selects the site, accepts the offer of the successful bidder, subject to the Attorney General's approval of the title. When it is impossible to purchase an acceptable site at a reasonable price, or where acceptable title cannot be secured by voluntary conveyance, a selection is made and title is acquired by condemnation proceedings, in which the price to be paid is judicially determined. Plans for public buildings are taken up in the order in which the titles are vested in the United States and the contracts for their construction are let at as early a date as practicable.

It is understood that a number of bids have been made by Wilmington owners of real estate, these have been opened and Mr. Ellsworth is now here to make a personal examination of the same.

TO COLORED YOUNG MEN.

Lecture This Evening to Those Who Would Improve Their Condition.

To meet the growing demand for skilled farmers, farm managers, stock and poultry raisers in the South, the St. Emma Industrial and Agricultural College has been established at Rock Castle, Va., to enable desrving young colored men to qualify themselves for the duties of life.

The Rev. Wm. F. Stadelman will address an audience tonight at 8 o'clock in Ruth Hall under the auspices of some of the best colored citizens of the city and all young colored men who desire to improve their condition should attend. A new course in this school begins February 1909 and the college now offers 50 scholarships for this term. The offer is for the Agricultural Department only, the trades branches being already filled. These matters and the opportunity presented will be fully explained in the address tonight and the meeting should be a large and enthusiastic one. It is the aim of the college that a graduate of the agricultural course shall be skilled in the latest approved methods of agriculture, the handling of suitable modern machinery; the preparation of land for planting and harvesting of crops and shall be further instructed in handling dairy cattle, stock, poultry and truck.

The Rev. Mr. Stadelman has already arrived in the city and is a guest of Rev. Father C. Dennen, at St Thomas' rectory.

Mr. J. McRee Hatch Resigns.

Mr. J. McRee Hatch, who for several years has been the popular and efficient cashier in the office of the Consolidated and later the Tidewater Power Company, has resigned his position effective November 1st. Mr. Hatch has not yet decided what he will engage in but it is hoped by many friends that his new engagement will not take him from Wilmington where he is universally popular.

HOW POLITICIANS DIFFER.

As election day approaches the papers are devoting much space to the views of politicians on both sides as to what will be the result of the vote for President. It is amusing to see how the men who express these views differ on the surface:

Representative Clayton, of Alabama, permanent chairman of the Denver convention, was in Washington Sunday, and these are some of the things he is quoted in the interview column of The Post of Monday as having said:

"Bryan has a cinch on the election. We shall not only elect Bryan but we shall have a Democratic House of Representatives. * * * Ohio will be Democratic beyond a doubt. It is a sure thing * * * Nebraska is as safely Democratic as Alabama, and Indiana, West Virginia, and New York can be placed in the Democratic column just as surely as Missouri. * * * In Kansas there is a fighting chance of winning the State."

Sunday ex-Secretary of the Treasury Shaw was also in Washington and was thus quoted in the "At the Hotels" column of The Herald of Monday:

"When the votes are counted it will be found that Bryan made a better fight eight years ago. He will be defeated beyond a doubt. Taft will carry New York, West Virginia, Indiana, and Ohio, and my State of Iowa will be as sure as Mississippi is for the other fellow."

Sunday, again, Senator William Alden Smith, of Michigan, who was with Judge Taft on his recent trip through parts of the South, was also in Washington and is quoted in Monday's Post as having said:

"There is no question of his (Taft's) election. His trip through the Southern States has been a continuous series of ovations, and if we do not get some of the electoral votes of North Carolina, it is a sure thing that we have the Democrats so badly scared that they will not get over it until after election. The Republican leaders of North Carolina are confident that the State will give Taft a big vote, and they believe that if all the Republican electors are not elected several will be."

HARD WORK NEEDED.

The News and Observer of Wednesday in an editorial of Wednesday says the "confidence of the Democratic leaders is extending to the rank and file of the party" and that "more and more is growing the feeling that this is certainly a Democratic year and that Bryan will be elected." And right there is where the danger lies—too much confidence. Bryan has a good chance of election, a better change than he ever had before, but his success has got to come through hard work on the part of his supporters. They must not think they can sit quietly and wait for victory to come to them. If they do that they will be disappointed. But if they are up and at work they will more than likely meet success. Their nominee is setting them a good example. Mr. Bryan, while seemingly confident of his election, is not idly waiting for success to come to him, but is living the most strenuous liwe he has ever lived, working day after day for victory. He recognizes the fact that success can come only through hard work and diligent pursuit of the voters.

BE SURE YOU REGISTER.

If there is any white man in this section of the State who does not have his name put on the permanent registration roll under the grandfather clause and thereby loses his right to vote in all coming elections it will be has own fault. All the papers of the State have time and again called the attention of that class of men to the importance of their registration if they wish to preserve their right of suffrage in years to come. Saturday is the very last day in which they can qualify for future elections. If they let this opportunity pass they will for ever lose their citizenship. These men may not now look upon this matter as one of grave importance, but in after years when they find that they have lost their right to vote they will feel the loss they have brought upon themselves. No white man in this State should lose his right to vote and there is no reason why he should do so. Every one who does forfeit his right of suffrage will do so through his own neglect.

SENATOR OVERMAN.

The Star wishes to call the attention of the Democrats of our city to the fact that Senator Overman will speak in this city tonight. It is only necessary to mention this fact and call it to the mind of our people to secure a large audience for the Senator. Mr. Overman is an especial favorite of the people of our city. He is deservedly popular here, not only with men of his own party, but with Republicans also. All recognize him as a representive Carolinian, one who has made an enviable record in the United States Senate, a record remarkable for one to make in the short time he has been in the Senate. It is very unusual for a man in his first term to reach such position as he has. The fact that he has risen so rapidly should convince the people of the State that he is the man they should have to represent them in that body and that the longer they keep him there the greater influence he will have and the greater good he will do the State as its representative in the Senate.

That is great prosperity the Republican party is giving the country with an increase of 19 per cent in wages of laborers, while the cost of living to those wage earners has increased 49 per cent. By such argument the Republican leaders ask the working man to vote for its candidate for President.

The Democratic congressmen of the South have not done much in the way of aiding the national committee in raising funds for the campaign. We are surprised to see not the name of a single member of Congress from this State appears in the list of those contributing as much as one hundred or more dollars.

The Republican campaign managers are opposed to telling the public before the election where they got the money and after the election they will be opposed to telling what they have done with it. They are afraid to do the one and will be ashamed to do the other.

If Speaker Cannon gets a pass to a seat on the platform of the next House of Representatives he will be doing well. It does not now look like he will do more than get a complimentary vote ffom the minority for the Speakership.

The election will be over in less than two weeks. We suppose after that day the State officials will have time to stay in their offices and attend to their duties. Of late the State has run itself in all departments.

CURRENT COMMENT.

—A Chicago dispatch to the Philadelphia Record cites certain "free trade resolutions" addressed to the Republican convention of 1884, which nominated Blaine, and points out that the names of Theodore Roosevelt and George William Curtis head the list of those signed thereto. The resolutions were adopted by the Free Trade Club of New York, and it appears that they have now been reprinted in Chicago from the issue of June 14, 1884, of a paper called "The Million," then published by A. J. Philpot in Des Moines, Iowa.—Macon Telegraph.

—Mr. Taft's speech at the Horse Show Building Saturday night was a distinct disappointment. Richmond and the South expected a message from the sensational North. The message was not delivered. Our people remain united in the absence of specific assurances from the ancient enemy. Mr. Taft's good-humored pleasantries, his complimentary allusions to this section, while pleasing to our vanity, in no sense constitute a satisfactory substitute for a plain, straightforward, earnest declaration of attitude towards the South's racial problem.—Richmond Journal.

—The Masonic Carnival has closed and the grand Masonic Temple Fund is several thousand dolars to the good. During this great carnival, lasting two weeks, the people of Raleigh and the Masons of the State had their first opportunity of seeing and going through the grand Masonic Temple. It has been estimated by those in charge that over 25,000 people entered the temple during these two weeks. The business houses of Raleigh and all over the entire country made fine donations for the carnival with the result that the booths and large halls were stored with many pretty, useful and valuable things for the carnival.—Raleigh Times.

—This week is the first anniversary of the worst reverse in some respects that this country has experienced. Its rapid growth since the earlier setbacks made the shock so much the greater, the capital invested in trade and industry having risen to a point where liabilities of failures were unprecedented and the number of persons involved was larger in proportion to the development of population. Yet a single year has brought marvellous recovery, some measures of prosperity being almost equal to the figures attained before the disaster, and it is probable that scarcely and perceptible difference would be found were this not the year of a Presidential eelction. This factor has retarded recuperation somewhat, and in many comparisons it can be seen that otherwise there would be no loss from the volume of business in 1907.—New York Tribune.

Nothing pleases an average Northern audience better than to hear something detrimental to the South. And to gratify this desire it is not an uncommon thing for some irresponsible person, who doesn't scruple at prevarication, to invent some sort of a story reflecting on Southern people. A short time ago a paper was read before a Christian congregation at Freeport, Ill., which contained this statement: "The cotton industry of the South is based on child labor. Many young children work in Southern cotton mills from 6 P. M. to 6 A. M., without a single minute for food or rest. Ten per cent. of the children who go to work before twelve years of age contract consumption, and it is estimated that the average pay of 8,000 children working in the cotton mills of North Carolina is but twenty-five cents per day."—Columbia Record.

REPUBLICANS DESPERATE.

Maintain Standard Set by Holden, so Declare Bart Brown.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 21.—Mr. J. W Bailey, Democratic candidate for Elector at Large, returned today from Yadkinville, where he spoke on Monday. He reported a very large audience and fine Democratic enthusiasm. He also brought remarkable evidence that the Republicans have grown hopeless of dodging responsibility for their past and have decided to defend Holdenism, Russellism and Reconstruction. This is borne out by the notorious Montgomery speech here.

"It seems," said Mr. Bailey, in an interview, "that the Republicans have decided to accept the responsibility for the miserable records made by the two administrations they have had in North Carolina.

At Yadkinville yesterday (Monday, Oct. 19th) Mr. Bart Brown introduced Mr. Elwood Cox, candidate for Governor on the Republican ticket, and declared with frenzied emphasis that Mr. Cox, if elected, would maintain the standard set by Governor W. W. Holden, adding that all that he and his party asked of Mr. Cox, is that he should make such a Governor of North Carolina as Holden made.

Mr. Cox was present and by his silence acquiesced in the impeachment. Brown's extraordinary declaration came about in this way: I was speaking to a large crowd of Democrats in the Court House at Yadkinville when Mr. Cox came in. I had referred to the fact that in his letter accepting the Republican nomination, Mr. Cox had called upon the people to forget the past and to lay aside the political "prejudices" of their fathers; and I had expressed gratification that the Republicans had at any rate become ashamed of their past. I undertook briefly to show why they should be ashamed, and on the other hand, why the people of North Carolina could not forget that under Holden and Russell the Republicans had not only proved themselves unfit to conduct our State affairs, but had plunged themselves into corruption and brought the State into humiliation. I added that while the Democrats point with pride to their past, holding always names of Vance, Jarvis, Fowle, Scales, Holt, Carr, Aycock and Glenn, the Republicans come before us with apologies and ask us to forget. I went on to say that all the Democrats claimed for W. W. Kitchin is that he will maintain that noble record from Vance to Glenn and I challenged the Republicans to promise that Mr. Cox would maintain the standard of Holden and Russell.

You may imagine my surprise when in the presence of Mr. Cox and a court room full of Democrats and Republicans Mr. Brown did that very thing.

It appears that the Republicans have decided to make the worst of a bad cause and defend Reconstruction. Holden's regime and Russellism. It is their load—let them carry it. They are responsible for those administrations; the record is their. It was said of old, "By their fruits ye shall know them," and so are they known to North Carolina.

POLITICIANS INTERVIEWED.

Talks Heard in Hotel Lobbies by Newspaper Men.

(Washington Post.)

"Bryan has a cinch on the election," declared Representative Henry D. Clayton, of Alabama, at the Riggs House. Mr. Clayton arrived in Washington last night from Ohio, where he has been campaigning, and left a few hours later for New York, where he will spend a week. At the Riggs House he met Representative R. L. Henry, of Texas, and Representative Jack Beall, of the same State, both of whom have been stumping the middle West. The trio discussed the political situation and, after comparing notes, agreed that the Democratic candidate is a sure winner.

"We shall not only elect Bryan President, but we shall have a Democratic House of Representatives," continued Mr. Clayton. "We have the Republicans on the run. The Democrats never were so well organized in twenty years. I have been closely connected with national campaigns for a score of years, and never have I known the Democrats to be so thoroughly in earnest as they are this year. We are making an aggressive campaign and are keeping the Republicans busy answering us. No general ever won a fight on the defensive, and the Republican party cannot win this fight because it is on the run.

"Ohio will be Democratic beyond a doubt. It is a sure thing. The State ticket will go Democratic and so will the legislature, which means that former Governor Campbell will be elected to the United States Senate.

"Nebraska is as safely Democratic as Alabama, and Indiana, West Virginia, and New York can be placed in the Democratic column just as surely as Missouri. In Iowa we shall gain two, and possibly three members of the House, while in Michigan we are sure of electing three Democratic congressmen. In Kansas there is a fighting chance of winning the State. Bristow, Republican candidate for United States Senator, is making Denver platform speeches. He is talking publicity of campaign contributions, the physical valuation of railroads, and bank guaranty, all of them laid down emphatically in the Denver platform.

"The people do not want a poll parrot in the White House, an echo, a 'me-too' President. They want a man who is able to, and will, think for himself, a man who does not have to ask advice whenever he makes a move. If the Republicans are confident of victory, why is it that Judge Taft is here today conferring with the President. I tell you, it is the surest thing in the world that Bryan will be elected, and it is just as sure that the next House of Representatives will be Democratic. The rule of 'Uncle Joe' has passed. I very much doubt if Cannon will be returned. He is making a house to house canvass in his district in a desperate effort to win."

"If I wer advising a friend to bet on the election, I should urge him to wager his money on Bryan," said Representative Henry. "I regard Bryan's election as assured. If the President would make one speech for Taft it would settle the matter decisively. Bryan would have a walkover. I have spent some days in Indiana, and viewing the situation dispassionately, I am sure that the Hoosier State will cast its vote for the Democratic State and national tickets."

Representative Beall has been stumping Wisconsin. "The Democrats have a tremendous majority to overcome," said Mr. Beall, "but the leaders of the party appear confident that Bryan will carry the State. The way Republicans are flocking to the Bryan standard is remarkable, and I have strong hopes that Wisconsin will give its vote to the Democratic candidate."

The four masted schooner Massachusetts, Captain Lane, from Charleston, S. C., September 28th for New York, lumber laden, arrived in Hampton Roads Wednesday night after efforts lasting several weeks to work her way up the coast through almost continuous northeast storms. The Massachusetts is a vessel of light draught and was buffeted helplessly about in the mountainous seas off the North Carolina coast.

Reports that race track interests and followers of racing were raising a campaign fund of $500,000 to be used for the election of Lieutenant Governor Lewis Stuyvesant Chanler were met with vigorous denial by State Chairman Conners and Charles F. Murphy, leader of Tammany Hall last night. Chairman Conners characterized the report as the invention of the opponents of the Democratic party.

There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at R. R. Bellamy's drug store. 50c.

TO CONSIDER PELLAGRA.

Clinic to be Held in Columbia, S. C., During State Fair Next Week.

Members of the profession in this State will be interested to know that under the auspices of the South Carolina State Board of Health a conference on the new and dread disease, pellagra will be held in Columbia, during State Fair week beginning next Monday.

The conference will be held Thursday, October 29th, the programme to include a clinic to be held at the State Hospital at 2 P. M. Following this papers on pellagra will be read and a general discussion will be held. Among those invited may be named Surgeon C. H. Lavinder, of the U. S. Marine Hospital Service formerly at Wilmington; Dr. John McCampbell, of the Morganton, N. C., Hospital for the Insane; Dr. I. M. Taylor, of the Brodoaks Sanitarium, Morganton, N. C.; Dr. E. I. Wood, Wilmington; Dr. N. E. Moore, Augusta, Ga.; Dr. H. F. Harris, secretary Georgia State Board of Health, Atlanta; Dr. J. H. Seacy, superintendent, Bryce Hospital for the Insane, Tuscaloosa, Ala.; Dr. Isadore Dyer, dean medical department of Tulane University, New Orleans. These gentlemen have already shown especial interest in working out the pellagra problem, by writing papers on the subject.

In a recent pamphlet issued by the United States Marine Hospital Service Surgeon C. H. Lavender says that within recent years there has appeared in our Southern States a disease which he thinks may be possibly true pellagra and he further remarks that there is reason for believing that perhaps this disease may be quite prevalent but unrecognized. "Since it is of a serious nature," he adds, "and epidemic in character, knowledge concerning it is becoming of much importance to the American physician and more especially to the practitioner in the Southern States."

The funeral was held from the home yesterday afternoon at 3:30 o'clock, conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, and the remains were interred in the family burying ground.

The Theatre

Tomorrow night the Academy will offer something exceptionally bright and clever in musical comedy and something, too, that had a long run on Broadway and is again this season being highly praised.

The attraction will be nothing less than the big New York Casino hit, "The Runaways," and this season the merry frivolity is galloping along at a rapid pace. It has been given an entirely new and more gorgeous dress and the company presenting it is large and most capable. George Ovey, who has made millions laugh and who is a Broadway favorite, is being seen in the role of "Blutch," the Jockey, while his support includes many well known musical comedy folks and the noted "Casino Beauty Chorus." The song hits are many and catchy and the electrical effects are numerous, novel and pretty. The revised edition of the Radium Dance is really beautiful and will come as one of the delightful surprises of the piece. Another bright and merry incident will be the song by Ovey "A Kiss for Each Day in the Week." Six demure widows take part in this with him and it is ludicrous to see the tiny bit of humanity mount a ladder in order to kiss each pretty girl. The sale of seats for "The Runaways" will commence at Plummer's this morning and indications point to a large reservation.

Another Big New York Success.

"The Great Divide," William Vaughn Moody's extraordinary successful play, which has been declared by many critics to set a new high mark in American drama, will appear at the Academy of Music Monday for an engagement of one night. Simple annoucement of this fact will surely create a "run" on the box office, and an inrush of mail orders for seats, for this widely heralded play has proved one of the attractions which all discriminating patrons of the theatre throughout all America are awaiting eagerly. The career of "The Great Divide" has been epoch-making in American theatrical history. Here at last is a play which is splendid literature, great drama technically, and at the same time, fascinating to the spectators, and of almost unprecedented commercial value. It has been called the "Long awaited 'great American play'." A superb company has been provided, and the production is precisely the same that won such unprecedented praise during the 600 nights' run of "The Great Divide" at the Princess and Daly's Theatres, and Academy of Music, New York. Seats will go on sale Saturday morning.

New Acts at the Palace.

The regular semi-weekly change of programme will be made at the Crystal Palace today and something in every way the equal of the bill that concluded yesterday is promised. The vaudeville artists now at the Palace are among the cleverest ever seen there, which is saying much, and they are decidedly versatile, the latter being a good sign that the change of programme which goes on today will be a "rattler." A slight change has been made in the hour of commencing the matinees, on account of the short afternoons. Now in the afternoons the doors open at 3:30 o'clock and performances are given at 3:45 and 4:45 o'clock. The doors at night open at 7:45 o'clock and the first performance is given at eight.

RUN OVER AND HURT

Buggy and Bicycle Collided and Mr. Mason Was Injured.

Mr. Charles Mason, a car inspector of the Atlantic Coast Line, was the victim of a painful accident yesterday afternoon while on his way home shortly after 6 o'clock, when the vehicle of Dr. J. T. Sconwald, driven by a negro, collided with the bicycle of the former, throwing him to the ground with such force that he sustained a fractured rib and was otherwise painfully hurt. The accident occurred at corner of Second and Ann streets, while Mr. Mason was on his way home and it is claimed that reckless driving by the negro was responsible for the accident. Immediately following the accident the negro fled from the scene, leaving the buggy behind.

Mr. Mason was carried to the James Walker Memorial Hospital, where he was attended by Dr. Seem, and afterwards was able to go to his home at corner of Third and Queen streets.

RAVAGES OF CUT WORMS.

Pest Follows Destructive Effect of Flood in Shelter Neck Section.

(Special Star Correspondence.)

Maple Hill, N. C., Oct. 21—Since the recent floods in the Shelter Neck section of Pender county, the farmers have done all they could to recover from their losses and had about suceeded when they have lost all again. The cut worms and other insects have made their appearance and have been the worst ever seen here in the Spring of the year, destroying turnips, collards and everything else planted since the flood. The cut worms are so numerous that they have the land lightened up like ground moles had ploughed under them. But the moles and ants were all drowned and everybody thought and hoped the cut worms were also but there was never so many before in this section.

Mr. W. G. W. Krafft Resigns.

Mr. W. G. W. Krafft, who has been of the clerical forces of the Consolidated and Tidewater power companies in this city for the past five years, has resigned his position here and will leave on November 1st or as soon thereafter as possible for Norfolk, Va., where he will be with the Equitable Life Assurance Society. His many friends in Wilmington will regret to know of his contemplated departure, his resignation having been tendered to the company on August 15th.

ENTERTAINING THE FLEET

Premier Katsurn Gives Royal Occasion in Honor of the Americans. Blue Jackets Have Eventful Day—The Officials.

(By Cable to the Morning Star.)

Tokio, Oct. 21.—The dinner and ball given this evening in honor of the visit of the American fleet of battleships by Premier Katsura at his residence, brought together about 1,500 prominent persons, including all the American officers who were invited to the ball. The guests at the dinner, however, were confined to those holding official positions. There were no set speeches. Premier Katsura proposed the health of President Roosevelt and American Ambassador O'Brien, that of the Emperor of Japan.

A toast to the fleet by the Premier was responded to by Rear Admiral Sperry. The ball was the most brilliant function of the week and brought Americans and Japanese into the closest touch. American officers danced with wives and daughters of Japanese, the majority of whom were dressed in European costumes. Premier Katsura proved a prefect. Among those present were Sir Claude McDonald, British Ambassador; Baron Mumm von Schartenstein, German Ambassador; M. Gerard, French Embassador, and representatives from all the other embassies and legations.

Tomorrow four thousand sailors from the fleet will come to Tokio to attend a garden party at Habyia Park, to be given by Y. Osaki, mayor of Tokio. At the same time the officers will be entertained at luncheon given by the mayor and by Prince Shimadazu, later attending a garden party at the British embassy. Many of the officers also will be entertained at the home of the president of the Nippon Yusen Kaisha, a Japanese Steamship Company, and later all commissioned officers of the fleet will attend a theatrical performance at the Kabuki theatre, the largest play house in Tokio, the bankers association being the host.

First Alleged Violation.

At the session of the police court yesterday at noon a case of Mr. C. D. Gilbert, charged with violation of an ordinance recently passed by the Board of Aldermen requiring all parties to secure from the Board of Health permission for the storage of hides, wool, deer tongue, etc., was called for trial, but at the request of Herbert McClammy, Esq., who appeared for Mr. Gilbert, the hearing was postponed until next Tuesday. The warrant was upon affidavit of Dr. Charles T. Harper, superintendent of health, alleging that Mr. Gilbert did not obtain a permit to place hides in storage at corner of Eighth and Chesnut streets. This is the first arrest under the new ordinance on this charge and the outcome will be of interest.

Died at the Army Post.

News reached the city yesterday of the death of young Mr. Bert Barnhill, a member of the United States Army post of Fort Caswell, who passed away after a lingering illness with typhoid fever at the garrison yesterday. The young man was about 28 years of age and a native of Pender county, having served in the army the past three years. His father happened to be in the city yesterday when news of the death reached him, but too late to go to the fort on the afternoon boat. Undertaker W. W. King went down to the post yesterday afternoon and will bring the remains to this city today, after which they will be taken to the old home of the family for interment.

Unable to agree on a verdict last night at Norfolk, Va., the jury in the Gilbert murder trial was ordered locked up for the night. They will again consider the case today. It is said that the jury is evenly and hopelessly divided.

She Likes Good Things.

Mrs. Chas. E. Smith of West Franklin Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at R. R. Bellamy's drug store. 25c.

ONLY ONE.

The Record in Wilmington is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanent. Wilmington citizens testify to this. Here is a case of it:

R. F. Rowan, 603 Castle Street, Wilmington, N. C., says: "I have no reason to alter my good opinion of Doan's Kidney Pills which I publicly expressed some years ago, after I had used them with good results. Since then many people have called on me and asked if the statement I gave were true, and it has always given me pleasure to answer in the affirmative. As the result of a strain, I suffered a great deal from backache. At time I was so lame that I could hardly stand up straight and my back was so weak that I could not lift the lightest article. I used plasters and liniments but they did me no good and when I saw Doan's Kidney Pills advertised, I went to Robert R. Bellamy's drug store and purchased a box. I felt relieved after a few doses and continued to take them until my back regained its former strength and the pains disappeared. Since then there has been no sign of the trouble and I firmly believe that my cure is a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE WEATHER MAN WAS RESPONSIBLE

Postponement of Col. Dillingham's Lecture Made Necessary by Weather Condition.

PEOPLE WERE DISAPPOINTED

Public Has Begun to Look Forward to Nightly Demonstrations of the Power of Plant Juice Remedies.

The weather man took a hand in local weather conditions last night and served Wilmington with a brand of murky disagreeable weather that precluded the possibility of an out door performance, causing much disappointment to those who had intended attending Col. Dillingham's free entertainment.

The postponement of these events are always a source of great disappointment to those unfortunate persons who suffer with some affliction and seek relief at Col. Dillingham's free demonstrations of the wonderful power of Plant Juice Liniment. While there are no doubt a large number of persons benefitted and cured at these free demonstrations who would be unable to secure treatment otherwise, it is not so in every case and many people of means have been relieved of suffering on these occasions. Plant Juice is a powerful remedy, and proves it at every trial. It has relieved the most stubborn cases of stiffness from rheumatism and other causes; bruises and soreness are quickly relived by its use, and its merit in the treatment of inflammation of all kinds has been established in thousands of successful cases. Even in the worst cases of rheumatism Plant Juice Liniment has proven its ability to relieve the sufferer, as it did in the case of William Armstrong, who writes Col. Dillingham as follows:

"I have suffered a great deal with severe pains between my shoulder blades; my neck bcame stiff and there were pains in my arms and legs, all of which came from rheumatism, which apeared to affect my entire system. I was in such a bad shape that I could not move my head from one side to the other; neither was I able to lift anytaing. I bought a bottle of Plant Juice Liniment and rubbed myself with it that night. The following morning I felt much relieved and continued the treatment for four days, when the pains disappeared entirely."

The people of Wilmington and vicinity are learning of the great powers of the Plant Juice remedies, as is shown by the sales for Plant Juice at the store of local dealers. At the drug stores of R. R. Bellamy and the J. Hicks Bunting Co., a large demand is reported.

Plant Juice can also be secured by mail from Col. Dilingham or the druggists of Wilmington. Persons who send one dollar for Plant Juice, or twenty-five cents for Plant Juice Liniment, will have their orders promptly filled and shipped by return express. Orders filled in this manner are sold under the same guarantee as if bought in person.

The fact that the cruiser North Carolina, now at the navy yard, at Norfolk, Va., is being painted a pearl gray, is in accordance with a similar order issued for United States warships to change from white to grey, to render them less conspicious. It is said that the battleship fleet now in Japan will adopt the same color on reaching home.

Her Father Dead.

Friends of Mrs. Martin S. Willard will tenderly sympathize with her in the death of her father, Mr. William H. Oliver, which occurred yesterday noon at his home in Newbern. He was a native of Newbern and had spent the four-score years of his life there. Surviving him Mrs. T. M. Constable, of Charlotte; Mrs. Willard, of Wilmington; Mrs. Benjamin Huske, of Fayetteville; Miss Mary Oliver, of Newbern, and Mr. Geo. Oliver, of Newbern.

Shouldn't Overfeed Hubby.

Hint for young wives who desire to have their husbands retain their boyish, slender figures: In an address at Vienna on the subject of food Professor Karl Van Noorden, one of the greatest medical experts in Europe, uttered an emphatic protest against wives who overfeed their husbands. He declared that the reason so many begin to get fat immediately after they have married is that their wives give them their favorite dishes on every possible occasion.

An Inducement.

"Is there anything I can do," cried an exasperated west side mother, "to induce you to go to bed?"

"Yep," responded the small boy promptly.

"Well, for goodness' sake, what is it?"

"Lemme stay up an hour longer."—Cleveland Leader.

EVERY HOUR OF THE DAY.

J. Frank Jarman, the reliable Druggist of 107 Princess street, Wilmington, N. C., is having calls for "HINDIPO," the new Kidney Cure and Nerve Tonic that they are selling under a positive guarantee.

Its merits are becoming the talk of the town and everynody wants to try it, and why not? It costs nothing if it don't do you good—not one cent.

They don't want your money if it does not benefit you, and will cheerfully refund the money. Try it today.

ROYAL BAKING POWDER

Why these grapes? Because from the healthful grape comes the chief ingredient of Royal Baking Powder, Royal Grape Cream of Tartar.

Alum phosphate powders are made with harsh mineral acids and must be avoided.

Vernet and the Veteran.

"When Horace Vernet, the great French painter of battle scenes, was at the height of his fame," said an artist, "when the prices he was getting were enormous, a grizzled old veteran came to him one day and said:

"'I want you to make my picture to send home to my son. What, though, is your charge?'

"'How much are you willing to pay?' said Vernet, smiling.

"'A franc and a half,' was the answer.

"'Very good.'

"And the artist, with a few quick strokes, dashed off a wonderful sketch of the old man.

"The old man paid, tucked the sketch under his arm and carried it out triumphantly to a comrade who awaited him outside.

"'But I did wrong not to haggle a bit,' Vernet overheard him say. 'I might have got it for a franc.'"

Each Got What He Wanted.

"A hunter set out one day to hunt, and a panther set out at the same time to eat," said the lecturer.

"'I must have a fur overcoat,' said the hunter.

"'I,' said the panther, 'must have a dinner.'

"Some hours later, in a lonely wood, the panther and the hunter met.

"'Aha,' said the hunter gayly, leveling his gun, 'here is my fur overcoat.'

"And he shot, but the panther, dodging behind a tree, escaped unhurt.

"Then the panther rushed forth before the hunter could reload.

"'Aha, here's my dinner,' said the panther.

"And he fell upon the hunter and devoured him.

"Thus each got what he wanted, the hunter getting his fur overcoat and the panther getting his dinner.

The Coach and Four Came.

Among the many records of Harrow school is that of a boy, the son of a poor local tradesman in a very small way of business. His schoolfellows often taunted him about his family poverty. Their thoughtless jeers, although hurting his feelings, drew from the lad the retort, "I intend before I die to ride in a coach and four." The years sped by, and, lo and behold, the poverty stricken youngster of Harrow had developed into Dr. Parr, the greatest scholar of his time, whose customary and favorite means of locomotion was a coach and four!—London Mail.

Oyster Shells as Medicine.

Ground oyster shells were given by the mediaeval doctors to children suffering from rickets and scrofula. Now it appears that they were right. The shells contain lime, nitrogen, iron, sulphur, manganese, magnesia, flour, bromide, phosphoric acid and iodine, all excellent for feeble children. They say that if growing children were to take powdered oyster shells in their food the teeth would be improved.—London Answers.

Why He Refused.

"Can I offer you a little more soup?" a lady asked her new paying guest.

"No, thanks!" was the quick reply.

"I hope you are not refusing because it is considered bad form to take two helpings of soup. We are not sticklers for etiquette."

"Oh, it isn't etiquette that I was worrying about—it was the soup!"

Saved the Dishes.

Husband—But why did you discharge the cook this morning, when the Higgses are coming to dinner tonight? Wife—Because at 11 a. m. we had only exactly enough dishes left to set the table.—Judge.

For Sore Feet.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at R. R. Bellamy's drug store. 25c.

SPIRITS TURPENTINE

—Spartanburg, S. C., Oct. 20.—Will Burnett, a well known young man who was arrested several days ago on the charge of riot, and participating in the mob that made the attack on the county jail, attempted suicide yesterday afternoon by shooting himself in the head with a pistol. His condition is extremely critical.

—Wilkesboro Chronicle: "The Republicans in this State are centering their fight in this congressional district and especially Wilkes county. It is their purpose to purchase the district with cash—they have no other argument. In these panic times money does look very tempting, but the Republicans are mistaken when they they think they can buy this district."

—Tarboro Southerner: Rev. F. H. Harding, who recently received a call from Episcopal church in Baltimore and Charleston, left today for the South Carolina city to consider the call to that place. Rev. Harding has refused the call to Baltimore. During his rectorship here, Rev. Harding has made a large circle of friends, who will regret to lose him.

—Tarboro Southerner: Peter S. Kirk of Lancaster, Pa., recently slaughtered a Western steer and made an unexpected find. In his stomach he found an open-faced gold watch. All the parts of the watch were intact except the hands, which were off the face. It is supposed that the watch was lost in the West, fell among feed that the steer was eating, and he gobbled it down.

—Wilkesboro Telegram: The centennial is now a thing of the past and yesterday the work of tearing away the decorations was commenced. The large flags loaned by Uncle Sam are being packed up and will be shipped to Washington in a few days. It is hoped by many that the electric bulbs will be allowed to remain to be used when occasion demands it. It has also been suggested that the stand at court square be fixed as it could be used on numerous occasions.

—Charlotte News: Mrs. C. M. Carson was summoned yesterday morning to Due West, S. C., by the news of a serious accident to William, the young son of her sister, Mrs. Eb Reid. The boy was standing near a horse when the latter kicked him on the head, inflicting a very serious injury. The skull was fractured and the physician took a number of pieces of bone out and trepanned the skull. While the pressure on the brain is thus somewhat relieved, and the boy was resting easier, nevertheless his condition is still serious.

—Burlington, N. C., Oct. 20.—One of the greatest sights ever witnessed in Burlington occurred tonight when innumerable torch bearers, seventy-five ladies in white, a hundred horsemen and a thousand footmen preceded the speakers, W. W. Kitchin and the grand old man of the party, Major Charles M. Stedman, down Main street to the Burlington warehouse, where the people were addressed. Major Stedman led in a masterly way, touching upon all the issues of the campaign in a way creditable to himself and to the party and was followed by Mr. Kitchin, who on account of his humor and his logic, won many votes for himself and his party. The audience was very large and appreciative and was not wholly Democratic.

—Winston Sentinel: The home of Mr. Will Hester, a farmer, who resides about four miles southeast of Walkertown, in Belews Creek township, was broken into Sunday morning by an unknown party. Mr. Hester, accompanied by his family, had gone to Love's church, a short distance from the farm, to attend services. The intruder took advantage of the family absence to enter the house. In a small safe in the corner of the sitting room Mr. Hester had about $400.00 in currency. Using an axe found at the wood-pile the burglar cut a square hole in the top of the safe, which was not a burglar or fire-proof affair. He was thus enabled to get his hand into the upper cash drawer, which contained about $85.00. This sum was stolen. The party evidently became frightened and left or did not attempt to force his way further and the bulk of the money was left undisturbed.

—Charlotte Observer: Without meaning at all to depreciate the able speakers who have preceded him, it is only the truth to say that Congressman Webb Monday night put more ginger in the local campaign and did more to inspire local Democrats than any of the gentlemen who have gone before. He spoke with power, in fine taste and with fine bearing, and not only increased his own popularity here but contributed vastly to the general cause. Democrats who were not going to vote before will vote now. There was but one side to the so-called joint debate. The Observer frankly confesses a strange, personal liking for Mr. Webb's strange competitor, who has much more sense than seems, and is candidly sorry for Mr. Smith's sake that a joint canvass of the district was ever agreed upon. Last night's event was merely a show and the Republican candidate was the monkey.

Richmond Greatly Enthused Over Andes

Enormous Crowds and Sales Astounding.

Richmond has gone wild over the Great Andes Payne, who arrived here a total stranger three weeks ago. His headquarters on Main street are beseiged, from early in the morning, hours before opening until it is closed in the afternoon. Then numbers go away unable to secure his Great Medicines until the next day. His lectures on good health are attended by thousands, and are being held in the open air, as there is no building in the city that will accommodate the enormous multitude that gathers nightly to hear this remarkable man. The grounds present a perfect mass of humanity, the streets are lined with automobiles, carriages and wagons; in fact every kind of conveyance is to be seen. Here you find the banker and laborer, side by side, all eager and hunting for the coveted goal, "good health."

That this man Andes is a great speaker there is no doubt. His plain and explanatory mode of speech can be understood by every one and his enunciation is perfect. From his first appearance he inspires confidence in his audience. His high forehead, large nose, mouth of determination and open countenance show he is the right man in the right place. His lectures in Richmond have been short but instructive and to the point. They enthused his hearers and the following day his headquarters are busy. It is astonishing to see the amount of medicine that is being sold, and to hear so many good comments about them.

Miss Mattie Nunally, of Riverside street., says: "Mr. Andes Medicines have done me a world of good. I am a stenographer and typewriter, and for some time have been run-down, weak, no appetite or energy, would have sick headaches coated tongue, dryness of mouth, constipation, pains in my side, and back. I felt miserable. I have used Andes Great Prescription, and feel that I am as well as ever."

..We are having a big demand for the Andes Medicines and are sole agents.

SCHOOL SHOES

TEACHER—Yes, Master Hans, you may tell us why the EDUCATOR is the *best* shoe for boys and girls.

HAPPY HANS—Because it gives lots of room for all five toes to grow, and never hurts the feet. My pa says that boy's EDUCATORS wear longer than other kinds. He says he is going to wear EDUCATORS after this.

TEACHER—You are perfectly correct, Hans. EDUCATORS are Nature's own shape, and "let the feet grow as they should." I wear EDUCATORS, too. You ought to tell Sorry Sam's mother about your shoes. They are made by Rice & Hutchins.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Oct. 21.—Today's cotton market was more active and at times showed considerable strength with the close steady at a net decline of 1 point on October while later positions were 1 to 7 points higher. Sales were estimated at 225,000 bales.

The market opened at a decline of 3 points to an advance of one point, gaining in steadiness as the call progressed, and before the end of the first hour sold 6 to 7 points higher on aggressive bull support and covering. The advance was in the face of rather disappointing cables, the continued heavy movement and good weather in all parts of the belt except for excessive rains at some points in Oklahoma. The upward movement was checked around the high prices of last Saturday by increased realizing sales and operations for a reaction. After selling off five or six points, however, the market firmed up again during the afternoon on renewed covering and buying of March by houses with Liverpool connections, closed steady, 2 to 3 points from the top, as a result of final realizing. Wall street bulls were quite aggressive at times.

Receipts at the ports today were 58,975 bales, against 65,565 last week and 47,579 last year; for the week 400,000 bales, against 371,000 last year and 324,620 last year. Today's receipts at New Orleans 12,465 bales, against 11,875 last year and at Houston 19,291, against 8,161 last year.

Spot cotton closed steady 5 points up; middling uplands 9:30; middling 9.55; sales none.

Futures opened and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Oct. 21.—Regular print cloths have sold at 3 1-8, an advance of 1-8c. Spot goods of odd construction for printers uses are hard to find. Brown cottons are generally firmer. Denims are firmer with a steadier demand noted. Silk skein dyed goods are quiet while piece dyed goods are still in active call for spot delivery. There is an active demand in the primary market for sweaters for ladies and men's wear.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Oct. 21.—The aggressive operations to lift prices of stocks which commenced in volume yesterday were continued energetically today with no striking news developments as a basis for the movement. The number of shares transferred had risen by noon to a total as large as the aggregate for the whole day yesterday. The number of different issues traded in included many issues often inactive for long periods. The great congestion of activity in a few favorite speculative stocks continued, however, a distinguishing feature of the dealings. This was especially true of the two Harriman Pacifics and St. Paul came into close sympathy with them. The mainstay of the speculation was rather mysterious allusions to important developments in the political field. The expression is quiet universal in Wall street of the feeling that promptly with the passing of the elections there is to be an outburst of public demand for securities for investment and for speculation. It is the expectation of this demand which prompts the professional demand for stocks at the present time.

The most important of the professional traders dealt very largely and in fact, concentrated orders were the rule both on the buying and the selling side. The day passed without any engagements of gold for export, the continued large demand for exchange, apparently to pay off New York revenue warrants in London, being supplied. Call money rates dropped back to one per cent. during the day, in spite of the more active speculation, but time rates continued to hold at the higher levels recently established.

Bonds were firm. Total sales par value were $5,440,000. Uniter States bonds were unchanged on call. Total sales of stocks today were 897,500 shares.

Should a Man Economize On His Clothes?

If we had high-priced clothing to sell, we could probably convince you that you couldn't afford to wear cheap clothing.

No man can afford to wear clothes that discount him in the eyes of everybody he meets. But you can't walk a block in this city without passing many men who are wearing clothing that sets badly on them; is curled at the edges, and drawn out of shape—because they paid a few dollars less for it than they would have need to pay for perfect-fitting clothes.

And the perfect-fitting clothing would not only make them look better and feel better every minute they had it on, BUT WOULD WEAR HALF AS LONG AGAIN, at least, and so be cheaper in the end than the clothes that never gave any satisfaction, first or last.

But, while SOLKY CLOTHING is the BEST that is known, ready-made, in style, workmanship and finish, it costs just about the same as the less worthy kinds.

Men's Sack Suits, $15 to $28
Men's Fall Overcoats, $15 to $25
Men's Raincoats, $15 to $25

MEN'S COLORED STIF BOSOM SHIRTS.

Many men of the very best taste insist upon wearing stiff-bosom shirts. We have provided two unusually handsome lines in patterns that will suit the most fastidious. Made of fine percales in beautiful printings. Some of the shirts are made coat style with attached cuffs, at $1.50 EACH; others, open front and back, with attached or separate cuffs $1.00 EACH.

COL. TAYLOR'S MARVELOUS ESCAPE

Night Riders Fired Volleys of Shot at Him and He Was Left For Dead.

TELLS EXCITING EXPERIENCE

Captain Rankin Murdered While He Looked on Expecting a Similar Fate—Governor Patterson Making Investigation.

(By Wire to the Morning Star.)

Union City, Tenn., Oct. 21.—With the announcement of the safe arrival at Tiptonville today of Colonel R. Z. Taylor, the companion of Captain Rankin who was put to death at Reel Foot Lake by a mob on Monday night, State and County officials are concentrating their efforts toward the apprehension of those who composed the mob.

Today circuit Judge Jones after a conference with Governor Patterson and other officials announced that the circuit court would convene here Monday next in special session, the grand jury which will conduct the investigation to be selected by Judge Jones from a special venire of 25 men. The sessions of court will be under military protection and it is probable that other troops, in addition to those from Nashville, which arrived early today, will be called into service. The Nashville troops immediately after their arrival proceeded to Reel Foot Lake. Tonight all is quiet in the vicinity of the lake and while the tensity of the situation has to some extent relaxed apprehension is felt as to what may occur when the grand jury investigation is begun.

Tiptonville, Tenn., Oct. 21.—Unharmed, save numerous scratches received in a thirty hour trip through unfamiliar woods and the fatigue incident to the trip without food and the mental strain, Judge R. Zachary Taylor reached here today after a miraculous escape from night riders at Reel Foot Lake, who murdered his partner, Captain Quentin Rankin, night before last.

His own story of his experiences was told by him today as follows:

"Monday night last, Captain Rankin and I went to Reel Foot Lake in response to letter from a Mr. Carpenter, of Union City, who wanted to lease some timber lands. On our arrival at the lake we went to the log house, or Ward hotel and early after supper retired. Sometime during the night we were aroused by someone knocking at our door, and on opening the door a mob of masked men was found standing in the hall. We were ordered to dress, and as the leader of the mob said he wanted to talk to us, we put on our clothes and accompanied the men back to the back of the lake, some distance from the hotel.

"The leader of the mob talked with us, telling us we were associating too much with Judge Harris and were taking entirely too much interest in the lake. He said that the course of Harris and the West Tennessee Land Company in prohibiting free fishing was causing the starvation of women and children and that something had to be done.

"I never dreamed that the mob intended us any harm, but just then the mob threw a rope around Captain Rankin's neck and swung him to a limb. He protested and said 'Gentlemen do not kill me,' and the reply of the mob was a volley of fifty shots. This was the first evidence of any intention to harm us, and when the firing began I jumped into a bayou and made for a sunken log. Behind this I hid and the mob fired several hundred shots into the log. They evidently believed I was dead, for I heard some of them say: 'He's dead and let him go,' and with that they rode away. I remained in the water until after the mob was out of hearing and went to an island in the lake where I remained all day Tuesday. At night I started out and walked all night, coming up to a house at 6 o'clock this morning."

Governor Patterson's Statement.

Union City, Tenn., Oct. 21.—Governor Patterson, who arrived here last night began early today to direct operations toward apprehension of those concerned in the murder of Captain Rankin at Reel Foot Loke. One hundred and fifty militiamen under command of Colonel W. C. Tatom, arrived here today and were distributed throughout the district. Posses started from this city to search for Colonel Taylor.

Governor Patterson gave out the following statement today, before it was learned that Colonel Taylor had not been killed:

"I have offered the largest reward the law will permit for the arrest and conviction of the assassins and have ordered troops. I have believed that the military was the last resort of a State governed by law, but the time has now come when it is my duty as Governor to use all the power at my command to restore order in the region where these assasinations have occurred and to assist the courts in the apprehension and punishment of the perpetrators. It must be taken by all as a purpose deliberately formed and I hope no man or body of men anywhere in the State will fail to understand it. We have had enough of lawless acts, of threats, intimidation and other methods of terrorizing citizens and communities. This should be stopped and must be stopped or the consequences will have to be accepted. For the present I have left the campaign for the Governorship believing the upholding of law and order in our State is of more importance than political discussions."

HEARST WILL READ MORE LETTERS

Declares Them Better Than Any Thus Far Given Publicity During Campaign.

RELATIONS WITH OIL TRUST

Will be a Feature of Independence Party Meeting in New York Next Saturday Night Hisgen and Hearst in Indiana.

(By Wire to the Morning Star.)

Indianapolis, Ind., Oct. 21.—Additional Standard Oil letters are to be made public at the Independence party meeting in New York Saturday night, acording to a statement made by William R. Hearst in an interview tonight. He declared that they are better than any thus far given publicity and that he had saved them for the finish of the campaign.

Mr. Hearst denied a story recently published that he had letters from Mr. Archbold to Senators Aldrich and Penrose. "The fact is," said Mr. Hearst, "that I have not letters from Senator Aldrich. I have a letter written by Mr. Penrose to Archbold in which he speaks about an appointment with Senator Aldrich but this is the only letter I have in which Aldrich's name is mentioned. It is not strange that I have no letter from Archbold to Aldrich or from Aldrich to Archbold. There was no necessity for their writing to each other. Aldrich, as I understand it is one of the head men of the Standard Oil Company and not a mere underling. That would account for the absence of letters."

Petersburg, Ind., Oct. 21.—An immense crowd greeted Thomas L. Hisgen, Independence candidate for President and William R. Hearst this afternoon. Hisgen was born in this county. Mr. Hearst and Mr. Hisgen spoke tonight at Indianapolis frem whence Mr. Hearst immediately started for New York.

Mr. Hearst was the first speaker at Petersburg. He eulogized the Independence nominee and then attacked Mr. Taft and Mr. Bryan. Mr. Hearst declared that Mr. Bryan lacked business ability and did not seem able to do anything but talk. He would not care to leave a legacy in his hands. "I would be afraid," continued Mr. Hearst, "that the same thing might happen to my trust fund that happened to the inheritance of the widow of Mr. Bryan's friend. A secret will might suddenly be discovered which would leave Mr. Bryan proprietor of my trust fund and leave my children out in the cold."

Referring to Mr. Taft the speaker said he would not want to leave a trust fund in his hands, because Mr. Taft might invest it in the inflated securities of some of his corporation associates.

THE ANNIS-HAINS CASE.

The Defendants File a Demurrer to the Bill of Indictment.

(By Wire to the Morning Star.)

New York, Oct. 21.—A demurrer to the indictment charging Captain Peter C. Hains and his brother, T. Jenkins Hains, with the murder of William E. Annis at the Bayside Yacht club, on the ground that the instrument was improperly drawn, was filed with Judge Garrelson, in the Supreme Court at Flushing, L. I., today. Counsel for the prosecution and the defense were given until next Friday to hand up briefs, and Judge Garrelson promised to announce his decision next Monday. The contention of the defense is that the bill is illegal in that in one count it charges T. Jenkins Hains with the murder of Annis and in another accuses him with "aiding and abetting." The claim is made that a man cannot be charged with two crimes in a single indictment. In opposition District Attorney Darrin cited the case of Albert T. Patrick. That indictment stood, said Mr. Darrin, although it charged Patrick with administering chloroform to William Marsh Rice, although Patrick was not present when the chloroform was administered.

SENT TO THE PENITENTIARY.

Lawyer Given a Long Term for Defrauding a Client Out of Big Sum.

(By Wire to the Morning Star.)

New York, Oct. 21.—Frank C. Marrin, formerly a well known lawyer, who was convicted of swindling Mrs. Carolina Barry, a widow, out of $80,000 today was sentenced to from fifteen to twenty years in State's prison. The swindle took place thirteen years ago, and Marrin immediately left the country, being traced to Honduras. Later he came to Philadelphia and engaged in extensive operations in cotton in that city. He was recently convicted in the Unites States Court in Pennsylvania of fraud in conection with these operations, but appealed and while out under bond, came to New York and was arrested on the Barry charge.

A stay in the execution of the sentence upon Marrin was obtained by an order from Justice Gaynor to show cause why a certificate of reasonable doubt of Marrin's guilt should not be issued.

BRYAN'S GREETINGS TO REPUBLICANS

He Tours The Taft Strongholds in The State of Ohio.

IN THE CAMP OF THE ENEMY

Tremendous Crowds Come Out to Hear Democratic Candidate—He Pays His Respects to President.

(By Wire to the Morning Star.)

Marietta, O., Oct. 21.—Monster crowds and lusty cheering was Ohio's greeting to W. J. Bryan today. Just before the Democratic candidate passed over the line into West Virginia late tonight he expressed himself as exceedingly well pleased with the reception accorded him in the native State of his Republican opponent.

Inspired by the fact that he literally was carrying his warfare into the camp of his political enemy, he spoke with great vigor. While still in bed this morning, a newspaper was handed into his state room and Mrs. Bryan read to him a dispatch stating that the New York Central system was threatening its employes with reduction in wages if he was elected, but promising an increase in work and wages if he was defeated. This was his cue for the day, and he pitilessly fired broadside after broadside into the Republicans for these tactics.

Sixteen speeches were made by the candidate today. While talking to a vast throng in front of the Tod House in Youngstown, Ohio, a big card signed by a number of the workers in the steel plants was sent up to him bearing the message 'We can't be with you today but we will be on November 3rd."

Mr. Bryan afterwards learned that a number of the plants which had been working with reduced numbers, today for the first time in some months, start-d up with their full complement of men. A number of the mill workers, however, were in the great audience. Mr. Bryan's arrival being at a time when the regular shifts were being made.

The route of travel today was through many recognized Republican strongholds and it was at such places that the candidate fired his heaviest batteries. Mr. Taft got his share of criticism particularly in the matter of campaign contributions and his attitude regarding the trust and labor questions.

Mansfield, O., Oct. 21—From a stand erected at a vacant lot here, W. J. Bryan again discussed what he termed the effort at coercion by the New York Central officials. He told of what he referred to as "the fear of the Republican National committee of losing Ohio," and appealed to the laboring men to protect themselves and their children by the ballot.

"Laboring men," he said, "the ballot was given to you, not to the railroad superintendents, and it was given to you because you have a right to protect yourselves and your children, and if they can threaten you with a reduction of wages, if these men at the head of great industries hold their employes as their body servants and their retainers and vote them in a bunch, how can the American people secure redress against any grievance, however great?"

Warren, Ohio, Oct. 21.—Speaking in Grace Park to a multitude of people in this one of Ohio's greatest manufacturing cities, W. J. Bryan today answered certain criticisms and questions put to him by a local newspaper. Accepting as true the statement of the newspaper that Candidate Sherman was not introduced here, as has been stated, by the President of the match trust, Mr. Bryan openly corrected his mistake, declaring that he never intentionally misrepresented an opponent. "Now, however," he said amid cheers, "having one what I have to be the honorable thing, I ask the paper to apply the same standard to the President that it applies to me. The President stated that we had received $300,000 either from the committee of four years ago or from some unknown source. I corrected the misstatement, Mr. Mack corrected it and later he brought it to the attention of the President and yet the President has not yet admitted that he made a mistake. We received no money from the committee of four years ago, and we have given a statement of the money we have received since this campaign begun.

"I believe the editor of this paper does not deny that the President of the match trust did preside at a Republican meeting. Mr. Roosevelt said that the law defying corporations had no reason to fear my election and when I challenged him to give the anme of one trust official in the United States who was supporting me he scanned the country and found not one. He found a lawyer in St. Louis who in a case was the personal attorney of a man that was the president of a subordinate branch of a trust, and within twenty-four hours it developed that the Republican National committeeman from the State of Missouri was the attorney for the trust while the Democrat was the attorney for the president of the trust company. It developed that Mr. Taft himself had about three years ago recommended an attorney of the Standard Oil Company to be a United States judge and to hold a life office in a territory where he might be expected to preside in cases where the Standard Oil Company was interested. Now here you have in this city the president of the match trust presiding at a Republican meeting. No president of a trust has presided so far at any meeting where I have spoken."

Niles, Ohio, Oct. 21.—W. J. Bryan was loudly cheered by a big crowd today in this, the birth place of William McKinley, when he made a pleasing reference to the late President. "Your city is connected with the name of a man whom I learned to know quite well, not personally so well as politically," he said. "I am glad to come to the home of William McKinley, and I have been rather proud of the fact that in the two campaigns in which I was ac andidate against him no personal unpleasantries entered into the campaign; that the campaigns were fought on issues and not upon criticism of the personal character of the candidates."

Norfolk Has Series of Fires From This Origin.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 21.—Incendiaries are still working in this city, three fires in the business district having been reported between midnight and 6 A. M. today. Norfolk, Va., Oct. 21.—With three alarms tonight in quick succession and a record of 21 incendiary fires in eight days, the situation following the operation of an unknown fire bug is hourly growing acute.

The larger fire tonight occurred on Commerce street, on the second floor of the Terry Taylor Drug Company, wholesalers, presenting very evidence of being incendiary and entails a loss of $10,000. The other two alarms were of a similar nature, not traceable directly to incendiaryism. The underwriters association threaten to raise rates.
